(1) **PURPOSE.** Section 125.69 (1) (a) and (b), Stats., prohibits "any interest directly or indirectly" in a retail establishment by a manufacturer, wholesaler or rectifier of intoxicating liquor or in a wholesaler by a retailer. Section 125.69 (1) (a), Stats., exempts from this prohibition any licenses and permits issued prior to October 3, 1963 and which have been renewed annually since that date. Section 125.69 (1) (b), Stats., prohibits a manufacturer, rectifier or wholesaler from holding an interest in any license or premises where intoxicating liquor is sold for consumption on the premises. 2. A "brother-sister controlled group" means 2 or more corporations where 10 or fewer persons (other than corporations) own at least 50% of all voting power of each of the corporations taking into account only stock ownership of such person to the extent it is identical with respect to each corporation.

3. A "combined group of controlled corporations" is a group of 3 or more corporations, each of which is a member of a parent-

subsidiary group or a brother–sister group and one of which is both a common parent in a parent–subsidiary group as well as a member of the brother–sister group.

(d) “Employee” means a natural person who performs services for wages or salary.

(e) “Equity” means the money value of a property or of an interest in a property in excess of the claims or liens against it.

(f) “Immediate family member” means a spouse, a brother or sister (whole– or half–blood relationship) or spouse, ancestor or spouse, or lineal descendant or spouse.

The value of the sign is determined by the original costs of acquisition if it is purchased by a manufacturer, rectifier, or wholesaler.

(d) A person who holds a wholesale permit and leases premises to a retail licensee.

(e) A person who holds a retail license and leases premises to a wholesale permittee.

(4) EXAMPLES OF “INDIRECT” INTERESTS. Examples of “indirect” interests prohibited by ch. 125, Stats., include, but are not limited to, the following:

(a) A natural person who holds a wholesale permit and is an officer, director, employee or agent of a retail licensee.

(b) A natural person who holds a retail license and is an officer, director, employee or agent of a wholesale permittee.

(c) A natural person who is an officer, director, employee or agent of a wholesale permittee and an officer, director, employee or agent of a retail licensee.

(d) Two corporations, one holding a wholesale permit and the other holding a retail license, in which effective control of both corporations is held by the same person or group of 10 or less persons.

(e) A natural person who has effective control in a partnership, association or corporation which holds a wholesale permit and who leases premises to a retail licensee.

(h) A natural person who has effective control in a partnership, association or corporation which holds a wholesale permit and who has effective control in a partnership, association or corporation which holds a retail license.

Note: The definition of “controlled group of corporations” is illustrated by examples which may be derived from Internal Revenue Code Regulations 1.1563–1 (a). Some examples follow:

1. P Corporation owns stock possessing 50% of the voting power of S Corporation. S owns stock possessing 50% of the voting power of T Corporation. P is the common parent of a parent–subsidiary controlled group consisting of member corporations P, S and T. The result would be the same if P, rather than S, owned the T stock.

2. The outstanding stock of corporations P, Q, R and S is owned by the following individuals:

Individuals	Corporations				Identical Ownership
	P	Q	R	S	
A	50%	50%	50%	100%	50%
B	25%				
C	25%	25%			
D		25%			
E			25%		
F			25%		

Corporations P, Q, R and S are members of a brother–sister controlled group.

3. Smith, an individual, owns stock possessing 50% of the voting power of corporations X and Y. Y, in turn, owns stock possessing 50% of the total combined voting power of corporation Z. Since X, Y, and Z are each members of either a parent–subsidiary or brother–sister controlled group of corporations, and Y is the common parent of a parent–subsidiary controlled group of corporations consisting of Y and Z, and also is a member of a brother–sister controlled group of corporations consisting of X and Y, X, Y, and Z are members of the same combined group.
